Dimensions:	42"W x 36"D x 46"H	overall
	24"W x 24"D	inside seat
	28"H	arm height
Weight:	130 LBS	

QUALITY, COMFORT AND DURABILITY FEATURES

Craftsmanship

- Bench made by an individual skilled craftsman.

Foam

- Premium 1.8 density/28 lb compression CA 117 foam in seat and sides for added durability and comfort.
- Premium virgin hollow fill fiber on seat and back cushions for added softness, fullness and resiliency.
- Cushions include Dacron fiber wrap for extra softness.

Frame

- Computer Numerically Controlled (CNC) routed
- Corner blocked and constructed with 1" Oak and hard woods.
- Seat support is maintained with 8 gauge Super-Loop Solid Steel no-sag seat springs.
- Teflon coated clips prevent spring noise.

Mechanism

- Premium smooth operating 3-way 16 gauge steel Leggett & Platt Omega Series reclining mechanism rocks, reclines to incline position and then goes all the way back when the user pushes on the arms.
- Back is removable for easy installation or delivery.

Fabric

- 100% polyester micro fiber fabric with knitted back
- Treated with a DuPont Teflon for built in stain resistance and durability for years of worry free enjoyment
- Cleaning code W (water or mild soap solution)
- Seams feature 6 stitches per inch.

Logos

- Advanced radio frequency welded durable and cleanable vinyl team logos
- Officially licensed product.
